An Illinois Girl Shoots at Her Lover and Then Commits Suicide.

A CADIZ ARTIST SUICIDES

ALLEGED BIGAMIST FLEES.

Cairo, Ill., Sept. 11.—On a warrant sworn out by State's Attorney Wilson, Mrs. Jennie Esterline of St. Louis, accuses her husband, W. H. Esterline, of this city, a freight conductor running on the Mobile and Ohio railroad between Cairo and East St. Louis, of bigamy.

Last Monday Mrs. Esterline heard that her husband, from whom she has been separated for several years, was married again and living in Cairo. She came here and located wife No. 2. She told the latter that she had been married eleven years ago to Esterline and that he was still her lawful husband. This astounding news was a terrible shock to wife No. 2, who thought Esterline was a widower. She was married to Esterline last June in Paine, Paulding county, O., where she held the position of assistant postmistress. Esterline was warned of the state of affairs by a telegram sent him by a friend, and instead of coming home to Cairo he left his train at Murphysboro and is still at large.

GARDNER COMING

HE WILL BE HERE TO TAKE ON SOME ONE FOR FOUR ROUNDS.

Manager J. E. English, of the Kentucky, this morning received a letter from Mr. E. R. Mackey, of the company that has out the Root-Gardner show, stating that Champion George Gardner will be in Paducah Monday with the entertainment, and will box four rounds with any one in the city who cares to spar with him, and if he finds no one, with his sparring partner, Jack Beauschulte, of Chicago. This should insure a large crowd, as it will be the first appearance of the champion here.

WANTED TO JUMP OFF

'Aunty' Moore Saved by a By-stander.

Is Very Old and Nearly Blind and Had Wandered to the Wharf-boat.

WAS TAKEN TO RELATIVES

Mrs. Eliza Moore, probably the oldest white resident of Paducah, attempted to jump off the wharfboat this morning about 10:30 o'clock, but was fortunately prevented by the timely interference of Mr. Robert Curlin, an employee of the Armour Packing company.

Mrs. Moore is about 90 years of age and lives with her niece, Mrs. Laura Moss, of West Trimble street. She left home this morning without the knowledge of her people and seemed to be temporarily unbalanced. Mr. Curlin happened to be working near her when she attempted to walk off into the river and grabbing her clothes prevented her from going over. The police were notified and Officer Albert Senger detailed to investigate the matter. Mrs. Moore would tell nothing except her name and stated she would like to go to Miss Sallie Fritz's residence, Miss Fritz being a friend. She was taken there and kept until relatives sent for her.

Mrs. Moore has been feeble for some time and was probably fatigued by her wanderings or possibly on account of her failing eyesight could not see where she was going.

GERMAN SYRUP.

We want to impress on our readers that Boschee's German Syrup is positively the only preparation on the market today that does relieve and cure consumption. It contains the specifics, such as pure tar, extracts of gums, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasm of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At all druggists.

RAISED FROM THE DEAD.

O. W. Landis, "Porter" for the Oriental Hotel, Chanute, Kan., says: "I know what it was to suffer with neuralgia, dead I did, and I got a bottle of Ballard's Snow Liniment and I was 'raised from the dead.' I tried to get some more, but before I had 'deposited' my bottle, I was cured entirely. I am tellin' de truth, too," 25c, 50c and \$1 at DuBois, Kolb and Co.

DOLE WILL NOT RESIGN.

Honolulu, Sept. 11.—In an interview Governor Sanford B. Dole stated that he would not resign his office, but would retire at the end of his term, which expires in May next. Governor Dole is anxious to resume the practice of law and for that reason will not permit his name to appear as a candidate for office. Governor Dole stated that he has never had second term aspirations.

21 YEARS A DYSPEPTIC.

R. H. Foster, 318 South 2d St., Salt Lake City, writes: "I have been bothered with dyspepsia or indigestion for 21 years; tried many doctors without relief; recently I got a bottle of Herbine. One bottle cured me, I am now tapering off on the second. I have recommended it to my friends; it is curing them, too." 50c at DuBois, Kolb and Co.

FOR BETTER SCHOOLS

A Meeting of County Superintendents to be Held.

The First Annual Convention Will Be Held in Louisville in November.

A VERY IMPORTANT MOVE

County School Superintendent Marvin Ragsdale will probably go to Louisville in November to attend a meeting of county school superintendents of the state to be held at the school board building. It will be the first annual conference for the promotion of education in the state, and is expected to be one of the most important meetings of the year.

The conference will be made an annual feature of the school superintendents' duties, and is a forward step in the public school administration of Kentucky.

The movement was originated by Prof. A. M. Cassady, of Lexington, and his lieutenant is Prof. E. H. Mark, Superintendent of Public Schools in Louisville.

Prof. Mark several days ago received a letter from Prof. Cassady in which the latter said that he had taken up the matter of having the school superintendents of Kentucky meet in annual session to discuss the situation which obtains in the state, and to suggest methods by which the educational facilities may be improved and expanded in both the rural communities and the city schools.

Prof. Mark replied, expressing himself as heartily in favor of the movement, and he cordially invited the promoters of the meeting to consider the Louisville schools at their disposal. He suggested that it would be better and more effective to hold the meeting during the school term, as the holidays at Christmas time are usually filled with school duties and the pleasures of the season and a full attendance would be hard to secure for that date.

Acting on the suggestion of Prof. Mark, Prof. Cassady called a meeting to be held in Louisville on Thursday and Friday, November 19 and 20. Every school superintendent in the state will be urged to attend, and it is the purpose of the educators to make the meeting one of the most representative that has ever been held in the state.

The addresses which will be delivered will be wide enough in their scope to cover all the various departments of school work, and ways and means will be devised for improving the school service in every section of the state. An agreement between the superintendents will be reached and a date decided upon for the best time to hold the meeting in the coming years.

In starting the movement for an annual meeting of school superintendents, Kentucky is behind many of her sister states. Ohio, Illinois, Indiana,

RETURNS IN 40 YEARS TO CLAIM BIG ESTATE.

Columbus, Mo., Sept. 11.—Thomas Hickman, a pioneer citizen of Boone county, supposed by his relatives to have been dead forty years, returned this week and today filed suit in Columbia for a share of his father's estate, which was divided fifteen years ago.

The entire estate amounting to \$60,000, is now the property of Mrs. Lafa Hume, who resides on a farm three miles west of Columbia. She is a sister of the plaintiff, and it is alleged that the property was bequeathed to her with the understanding that the brother was dead, it having been reported shortly after he left here that he had perished in a Texas sandstorm. A good deal of mystery is attached to the wanderings of Thomas Hickman, and no reason can be assigned for his strange silence for forty years. He says that he has wandered through every state in America and through many foreign lands. He is now without money and much broken with age, though his old pioneer friends in Boone county had no difficulty in recognizing him. He will make his home with a relative, Thomas Hickman of Rocheport, Boone county, until the suit is settled.

Wisconsin and a number of other states have been accustomed for years to hold meetings and the school administration has been materially improved by them.

"The way to a man's heart is through his stomach," an old saying meaning that to win a man you must feed him well.

If this is not true, it is still true in another sense that the way to a man's heart is through his stomach. Many persons imagine that they have heart disease when it is only indigestion.

This is how it comes about. The stomach distended by gas, crowds the heart and gives the feeling that the trouble is in the heart.

If you don't know that you have heart trouble, try using Walther's Peppermint Port and see if it does not relieve you.

Small size 50 cents, large size \$1.00. For sale by W. D. McPherson, druggist, Paducah, Ky.

GROUP.

Usually begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, the child will cry for it, and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment externally to the throat. 50c at DuBois, Kolb and Co.

THE GLITTER GROWS

Mexican Gold Discoveries Exceed Wildest Dream

Ahead of South Africa—Are Within a Few Miles of Mines Partly Belonging to Paducahans.

DISPATCH GIVES CONDITIONS

Several days ago the Sun stated that Paducah men were likely to become very rich from their lands in Mexico, owing to the gold discoveries made there. Later reports indicate that the prospects are better than even the most sanguine hoped.

An Associated Press dispatch from Mexico City, says:

"British experts, familiar from long experience with the South African gold regions, have visited the gold fields in the district of Mexico and Michoacan and assert after a careful examination that there is no comparison between them and South Africa and that Mexico will be one of the greatest producers of the yellow metal in the world. El Oro camp is pronounced superior to Rhodesia in every way. The experts made a prolonged study of the camps and have returned to England, where they will render a report.

"An Austro-Hungarian business and immigration company is to be formed here and it will begin work by getting 10,000 farmer emigrants to come to Mexico from Austria and Hungary. Last year 200,000 of these people went to the United States. Mexico, say the members of this association, has millions of acres of good farming lands lying waste and farmhouses would require only a few cattle and horses to begin work. With the large Hungarian immigration once under way, it is believed a larger trade with Austro-Hungary could be built up."

These gold discoveries are within ten or fifteen miles of mines in which Mr. E. P. Gilson is largely interested, and are within 75 miles to 5,000 acres of land owned by Mr. Gilson, Mr. N. E. Lock, Mr. W. F. Paxton and other Paducahans.

AIR PROMOTERS PREPARING TO GET OUT LIST.

The Hopkins fair association representatives who are getting up the county fair to be held here in October, are preparing a premium book and will have it ready for publication within a week.

Premiums for all kinds of preserves, wines and in fact for every product made by home people will be given and it is thought much interest will be taken in this feature. The promoters think this will be the biggest fair ever held here. About \$500 will probably be distributed in premiums.

CHRONIC SORES

Signs of Polluted Blood.

There is nothing so repulsive looking and disgusting as an old sore. You worry over it till the brain grows weary and work with it until the patience is exhausted, and the very sight of the old festering, sickly looking place makes you irritable, despondent and desperate.

A chronic sore is the very best evidence that your blood is in an unhealthy and impoverished condition, that your constitution is breaking down under the effects of some serious disorder. The taking of strong medicines, like mercury or potash, will sometimes so pollute and vitiate the blood and impair the general system that the merest scratch or bruise results in obstinate non-healing sores of the most offensive character.

Often an inherited taint breaks out in frightful eating sores upon the limbs or face in old age or middle life. Whenever a sore refuses to heal the blood is always at fault, and, while antiseptic washes, salves, soaps and powders can do much to keep down the inflammation and cleanse the sore, it will never heal permanently till the blood itself has been purified and the deadly germs and poisons destroyed, and with S. S. S. this can be accomplished—the polluted blood is purified and invigorated, and when rich, pure blood is again circulating freely throughout the body the flesh around the old sore begins to take on a natural color, the discharge of matter ceases and the place heals over.

S. S. S. is both a blood purifier and tonic that puts your blood in order and at the same time tones up the system and builds up the general health. If you have a chronic sore write us. No charge for medical advice.

A Mischievous Lad, who was set to mind some sheep, used, in jest, to cry: "The Wolf, the Wolf." When the people at work in the neighboring fields came running to the spot, he laughed at them for their pains. One day the Wolf came in reality; and the Boy this time called "The Wolf, the Wolf," in earnest. But the men, having so often been deceived, disregarded his cries; and the Sheep were left at the mercy of the Wolf.

N. C. & ST. L. ELECTION IT IS ALL SETTLED

President Thomas and Other Officers Re-elected

Teh Road in the Best Condition in Its History at Present.

Nashville, Tenn., Sept. 11.—At the annual meeting of the stockholders of the Nashville, Chattanooga and St. Louis railroad the old board was re-elected, with the exception of W. W. Berry, of Nashville, who succeeds E. B. Wesley, of New York, resigned, and W. B. Barthman, of Murfreesboro who succeeds J. G. Aydelott, deceased.

The report of President Thomas shows the road to be in the best physical and financial condition in its history. Four years ago the company had a floating debt of \$1,567,838. This has been wiped out by stopping the payment of dividends, and a surplus of \$3,597,904.73 has been created. The gross earnings for 1903 were \$9,606,370, and all expenses \$6,995,603, leaving a net earning of over \$2,500,000. This is an increase in net earnings of over \$240,000 over 1902. At the meeting of the directors the re-election of President Thomas and all the old officers was effected, and the appointments of President Thomas in the traffic and operating departments were confirmed.

The Suit Against Z. C. Graham Withdrawn.

It Was Adjusted and Louisville Concern Withdraw Its Action.

The suit of the Louisville Tobacco Warehouse company, on a claim of \$18,400 to force Z. C. Graham, a dealer in loose tobacco, of this city, into bankruptcy, has been satisfactorily adjusted and the action withdrawn. Papers were served on Mr. Graham Wednesday by U. S. Deputy Marshal Sydney Hubbard, notifying him of the proceedings to force him into bankruptcy, instituted in the Louisville federal court.

Mr. Graham claimed that there was no ground for the suit, since the Louisville firm had nearly enough of his tobacco in its possession to satisfy his indebtedness, and the matter was settled to the satisfaction of both parties to the suit, late yesterday afternoon, through Wheeler and Hughes of this city, attorneys for the plaintiff.

BASEBALL NOTES.

The probabilities are Bowling Green next season will have a semi-professional baseball team and will belong to a good league. The movement to secure this good clean sport for the Park City has already been started by Mr. Irvine McMannus and Mr. Daniel Reagan, both of whom are enthusiastic baseball cranks. The proposition is for a few admirers of the national game to go into a certain amount each, and form a team here. It is carried out Bowling Green will be a member of a league composed of the following other cities: Clarksville, Owensboro, Hopkinsville, Henderson, Paducah and Cairo.—Bowling Green Times-Journal.

It is claimed that Umpire Clark robbed Paducah out of yesterday's game at Hopkinsville by rank decisions in favor of the Hoptown team.

Clark seemed to be fair here and was partial to no particular side. He has been complained of by many teams of late and is said to be partial to the Clarksville and Hopkinsville boys. He formerly pitched for Cairo and was later tried by Hoptown.

Warner who was released by Henderson after playing all the season for it and catching nearly every game, has been secured by Hoptown for a few days to give Street a rest. Street and Warner have caught more than any other catchers in the league.

Gardner, of Henderson team, will pitch for Paducah during the Cairo loving cup series of games. Two men will be borrowed from Jackson and one or more from Henderson. Paducah hopes to take about six games out of the eight from Cairo.

Witt pitched yesterday and today either Wilson or Best will twirl for Paducah.

Doyle and Hudson are resting here for the Clarksville series.

The Jackson street and north end division of the Rowlandtown line cars will stop, however, promptly at 10.

I. C. Railroad Restrained From Laying Track.

Capt. Owen, However, Lost His Case Yesterday in Lower Court in Metropolis.

Tuesday Judge Vickers issued a temporary injunction out of the Massac circuit court restraining, temporarily at least, the Illinois Central railroad from extending its tracks along the Brookport river front near Margraves saw mill, says the Metropolis Herald.

Tuesday afternoon Sheriff Smith went to Brookport but was unable to find the proper parties on whom to serve the notice issued by the court and returned here. Late Tuesday night a large section force laid the ties and when an officer arrived Wednesday morning early, were spiking down the rails. The order was served however and the work was then discontinued.

In the case of Owen vs. the I. C. railroad regarding the Brookport river front which has been occupying the attention of the court here for two days, Judge Vickers decided against the plaintiffs.

The injunction will probably now be dissolved, as the court decided against Capt. Owen. His suit it will be remembered was to recover possession of the river front of Brookport, which it was claimed had never been legally transferred to the town. The trouble arose over the town trustees giving the railroad right of way over the levee, and it was claimed the tracks would interfere with the ferry privileges held by the Messrs. Owen who sued to recover the property. An appeal was taken by the Paducahans to a higher court.

WHAT THEY INDORSE.

The Democrats of Paducah by a decisive vote, have nominated a ticket for municipal offices. The total polled in the primary was 1543 votes, which is 147 votes less than in the primary two years ago, when Mayor Yeiser beat Mr. G. R. Davis for the nomination. It is also 401 votes short of the Democratic registration last fall, which was 1943. It is 624 votes short of the Democratic registration in 1901, when the Democratic registration was 2166, and 2355 votes short of the total registration in 1901, which was 3897. The total registration last fall was 3027, 1943 Democrats, 962 Republi-

CONSTITUTIONAL AMENDMENT

To Be Voted On at the November Election.

CHAPTER 50.

An act to provide for an amendment to Section 181 of the Constitution of Kentucky.

"The General Assembly may, by general laws only, authorize CITIES OR TOWNS OF ANY CLASS to provide for taxation for municipal purposes, on personal property, tangible and intangible, based on income, licenses or franchises, in lieu of an ad valorem tax thereon;

"Provided, cities of the first class shall not be authorized to omit the imposition of an ad valorem tax on such property of any steam railroad, street railway, ferry, bridge, gas, water, heating, telephone, telegraph, electric light or electric power company."

cans and 122 miscellaneous; this makes yesterday's vote only 57 more than half the total registration last year, which may or may not be significant. It is very plain that the Democratic ticket is not going to enjoy smooth sailing this November.

The Democrats, however, by their votes yesterday, indorsed distinctively a "whiskey ticket." They indorsed municipal extravagance, the two highest tax rates in the history of the city, repudiation of municipal debt and an element that favors what one Democratic element has started a paper to defeat.

The Democrats, in their primary, have indorsed a man who was at one time a Republican, has run against and defeated Democratic nominees for mayor at least twice, who vetoed the two lowest tax rates in the history of Paducah made by the Republican council a few years ago, and vetoed the sanitary sewerage ordinance, thus attempting to prevent the most important improvement the city has.

They further indorsed an administration that has increased the police force to the extent of \$300 a month, and raised nearly every salary in the city in the face of a municipal deficit; indorsed a man for mayor who vetoed changes in the water works ordinance which gave thousands of people in Paducah who had been forced to go without it for two years, water and fire protection; an administration that has spent probably \$400,000 without making a single public improvement, and—this is not all.

They also indorsed a man who was a party to an injunction suit filed to prevent the city from going into the second class, thus seeking to impede its progress for no other apparent reason than that the change curtailed the term of office of himself and some of his henchmen, and who then asked the taxpayers, through the council, to pay the attorney's fee of \$300 for bringing the suit.

These are a few of the things the Democratic majority yesterday indorsed at the polls, and for which it will have to answer to the people in November.

It is very plain that a large number of Democrats did not vote at all. Those who stand at home had a purpose. They did not support the present nominees, and they will not support them in November. Those who favor a progressive but economical administration cannot vote for them. Many who profess to be for what they consider good government, either moral or otherwise, cannot conscientiously support this ticket. If they do they will be voting for something they believe and declare is wrong and inimical to the interests of the people. They would be voting contrary to their principles. They are not the kind of men to be guilty of such a thing.

It is very plain that the Republicans will win easily. They have only to put out good men. The disaffection in the Democratic ranks was never so great as now. One element has even gone to the trouble and expense of starting a newspaper to fight evils they claim men of their own party are responsible for. Judging from talk many of those who voted for Colonel Potter yesterday will not support the nominee in November. All this means but one thing, Republican success.

Those who vote for mayor in November should remember this section of the statutes, No. 160: "No mayor or chief executive or fiscal officer of any city of the first or second class, after the expiration of the term of office to which he has been elected under this constitution, shall be eligible for the succeeding term." The courts have decided that the term for which Mayor Yeiser was elected ends this year. The term that then begins is the "succeeding term," and it seems plain he is ineligible. At any rate if he should win in November it would do no harm to let the courts settle the question.

An interesting case has arisen for settlement at Owingsville, Ky. It is for the possession of a meteorite, and the main issue is whether a body falling from unknown space belongs to the one who happens to see it fall or to the person on whose land it falls. This particular meteorite can be sold for nearly \$3,000, hence the final action of the court means more to those interested than might be imagined.

It is understood Colonel John K. Hendrick will speak for the Democratic ticket shortly, opening in Calloway county. It would be interesting to hear him give a few reasons why Governor Beckham should be elected. He has probably changed his tune since spring, however, or he wouldn't be allowed to grace the raging stump now.

The high handed way in which a majority of the school trustees have been discharging the duties of their office, especially in regard to dismissing competent home teachers for untied educators from a distance, has been effectively rebuked by the Democratic party in Paducah.

If the authorities were as active in prosecuting the witnesses and jurors in the Goebel conspiracy cases for perjury as they have been those in the Jett-White cases, the people of the state would probably have a great deal more confidence in their sincerity than they have now.

An inquest was held over the Potter crowd today, and the verdict of the jury was "justifiable homicide."

Uncle Gum Shoe Davy had a walk-over yesterday but it will be another story in November.

The indications are for an independent ticket in the municipal race.

The Town Cow will now have to go way back and sit down.

OTHER COURT PROCEEDINGS

CIRCUIT COURT.

Circuit court was convened again this morning after a day and a half adjournment on account of the illness of Judge L. D. Husbands and the Democratic primary election.

Judge Husbands is still ill and unable to be at the court house and Judge James Campbell, who was selected by the local bar association, filed his commission from the governor and was sworn in as special judge and took his seat at 8 o'clock when court was called to order.

The case of the Jessie French Piano company against P. B. Jarevy, Jr., was dismissed and settled.

An agreed order was filed in the divorce case of Maggie against James Brown in which they agree to adjust differences and live together again.

The case of Irene Gardner against B. B. Davis, suit for rent, was dismissed and settled.

R. T. Nolen has filed a suit for divorce against his wife Lena B. Nolen, charging her with immorality. They were married in Paducah December 25, 1902 and separated September 7, 1903.

The case against Joseph Baer, for maintaining a nuisance, was begun this morning in circuit court and has been on trial all day.

A great deal of evidence has been introduced but several points of law have been brought up and the argument has taken up much time. Baer conducts a fur and hide business on Second street near Court.

The three cases against B. H. Cobb of Mayfield, for alleged irregularities in the insurance business, were continued until the second day of the next term.

COUNTY COURT.

W. V. Eaton has been appointed administrator of the estate of Henry Foster.

SUIT FOR DIVORCE.

A suit was filed yesterday afternoon late against W. P. Haggard by his wife Victoria Haggard, who claims abandonment. They were married in Henry county, Tenn., in 1899 and separated in August 1900. She asks for the custody of her child William Haggard and the restoration of her maiden name, Victoria Dolby.

The above list is the ticket nominated by the Democrats at yesterday's primary, unless changes are made by the official count. It is not anticipated, however, that any changes will be made. Some of the races are pretty close, especially that for city treasurer, but others were won much easier than even the most sanguine friends of the candidates anticipated.

The entire anti-Hatfield ticket for school trustees was nominated, defeating all the present trustees except Messrs. Mattison and Fuller, who were against the Hatfield crowd in the trouble a few months ago.

Of the councilmanic and aldermanic board tickets four of the present aldermen were nominated for re-election, Aldermen Singleton, Smith, Greif and Durrett, and four of the councilmen, Messrs. Hannan, Gilson, Jackson and Taylor.

This is quite a compliment to the young officer who has about decided to accept the appointment.

STILL IN JAIL

MUCH FEELING IN THE BANDANA SECTION.

Henry McKelley, who killed Robert Berry at Bandana yesterday is still in jail, unable to secure release on bond and as yet no examining trial has been arranged for.

There is much interest manifested in the outcome of the trial and feeling is running high. The whole affair started over the fact that the two men had been witnesses in a suit in court and had sworn differently. After the trial and while Berry was talking outside McKelley walked up behind and struck him with a board and then kicked him several times in the face. He said nothing at all according to eye witnesses, until he had Berry on the ground and it was then that he remarked "you swore a damned lie." The coroner's verdict was of homicide.

TEN MILLIONS

TENNESSEE COAL AND IRON COMPANY WANTS A LOAN.

New York, Sept. 11—A rumor was current on Wall street today that the Tennessee Coal and Iron company is desirous of raising \$10,000,000 on notes running for two years and that negotiations are pending for the making of the loan. The rumor could not be verified today from any official source.

It is said the money is wanted for the improvement and extension of the business of the company. The stocks have been weak for some days and continued so today, and it is probable that these reports have had more or less to do with the weakness.

A FACT

GOOD COFFEE JUST AS HARMFUL AS THE CHEAP GRADES.

Those who defend coffee often say it is only the cheap grades that hurt one but it is a fact that the highest priced coffee on the market is just as injurious to those with whom coffee acts as a poison as a cheap grade.

More than 20 years ago I became convinced that coffee was slowly killing me and it may interest you to know that I found out by careful experiments that the better the grade of coffee the more I suffered," says a lady of Harvey, Ill.

So I gave up coffee and drank hot water only going back to coffee occasionally and always having to pay for it in suffering of some kind.

About four years ago I visited the home of a friend one evening and some Postum was daintily served to the company present and was unanimously pronounced delicious. When I learned how it was prepared I found that the reason I had not liked it before was because I had not boiled it long enough to bring out the crisp delicious coffee taste; ever since that time I have used Postum steadily. My family and I have found it most wholesome and pleasant and a food drink in every sense of the word, with no bad after effects but on the other hand it is a strong re-builder and blood maker. We keep well now." Name given by Postum Co., Battle Creek, Mich.

Miss Rogers' Progression.
Who is Miss Rogers? Well, up till now she has been a school teacher; but hereafter she must appear on the roll of honor as the woman who whipped the six-foot captain of a high school football team with one hand while she was putting another youth into condition for the repair shop with the other. Miss Rogers has jumped from a small paragraph among the "school items" to a scare-head column on the sporting page.

NEWS OF THE RIVERS.

Observations taken at 7 a. m. River 5.7 on the gauge, a rise of 0.8 in the last 24 hours. Weather clear and warm. Saunders A. Fowler, Local Observer.

The Dick Fowler cleared at 8 o'clock today for Cairo with a good trip.

The I. N. Hook is several days over due out of Tennessee river with ties.

The Victor will come out of Tennessee river with a tow of ties Wednesday.

The Charleston will probably resume her trips in the Tennessee river today.

The Pearce arrived and departed on time today for Golconda with a good freight trip.

The Grace Smith went to Caseyville this morning after a raft for Metropolis river men.

The Titian was this morning let off the ways after a thorough overhauling and repairing.

The Savannah is due out of Tennessee river en route to St. Louis Sunday or Monday morning.

Engineer Moore, chief engineer of the steamer Russell Lord, is seriously ill on the boat at Owen's Island.

The Wilford is due Sunday from Tennessee river with a tow of crosses for the Standard Tie company.

The Avalon will pass down Sunday from Cincinnati to Memphis on her first trip since the water began rising again.

The steamer Thomas Parker has arrived from Joppa where she discharged her tow of ties and is laying up during low water.

The Tennessee arrived out of Tennessee river last night and will leave for Tennessee river on return trip Saturday afternoon at 5 o'clock.

The Memphis is due from St. Louis en route to Tennessee river Sunday or Monday if she does not lay up. No reports of her movements have been received here by the local agent.

She was steaming up this morning but no information was given out relative to what the boat was going to do. She may run in the Cumberland trade during the very low water stage.

The river men cannot understand the delay to the big towboat Sprague which is now overdue down from Cincinnati. There is enough water to float her down and the people want to see her badly.

The Dunbar was yesterday's Evansville packet and arrived late. The Richardson is today's boat and will come in a little late. On account of the low stage of the river the boats have been making very bad time.

The Rob Dudley arrived out of Cumberland river yesterday late, and laid up at the tan yard harbor in Mechanicsburg. There is no boat in the Cumberland trade doing a packet business now and will not be until a better stage of water is reached.

The W. W. O'Neil, which was laying up here several days ago, has succeeded in crossing the bar several miles above here. She was the only boat which was unable to pass the bar when the fleet of Pittsburgh combine boats left here for the upper Ohio. She was delayed about a day or day and a half.

DEVoured BY WORMS.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition, their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother.

She Is

Cured—Enjoying the Best of Health

After Years of Heart Disease.

Dr. Miles' Heart Cure Cured Her.

"Five years ago my wife was a constant sufferer from weak heart and fainting spells that would cause her heart to flutter violently, leaving her in a very weak condition. She was extremely nervous, had little appetite, could not sleep well and was unable to do her household duties. She began the use of Dr. Miles' New Heart Cure, and after the first bottle felt great relief. She has now used five bottles and I can say she is cured and enjoying the best of health. She goes out a great deal, does all her own work and she thanks all the credit belongs to Dr. Miles' Heart Cure, and we take pleasure in giving you this testimonial hoping it will be of benefit to others. I will add that I used the Restorative Nervine this spring as a spring tonic and it made a new man of me."—S. C. STAPLETON, Greenville, Texas.

The heart when exhausted relaxes just as does any weakened or exhausted muscle, causing the circulation to wholly or partially cease, when the person becomes weak, or perhaps faint. Should the relaxation continue for a minute or two sudden death is the consequence. If you are weak, if it flutters, palpitates, tires easily, you should immediately begin the use of Dr. Miles' Heart Cure. This great blood and heart tonic has been uniformly successful in the treatment of heart disease. It enriches the blood, strengthens the heart nerves, regulates the pulse and improves the circulation.

All druggists sell and guarantee first bottle Dr. Miles' Remedies. Send for free book on Nervous and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

Theatrical Notes.

The rally of Jack Root in the tenth round of his famous battle with George Gardner at Fort Erie, July 4, has been called by followers of the ring, the rally of a dying gladiator. After standing the terrific onslaughts of George Gardner and after being sent to the floor with a terrific right on the jaw, the Chicago man arose to his feet at the end of the count, and for three seconds, the backers and seconds of Root thought that their man would be knocked over the ropes. But the pace and pummeling that Root received earlier in the fight told on him, and with a right on the jaw in the twelfth round, Root sank to his knees and was on his feet at ten seconds, but the referee counted him out. Every blow made by Gardner, every blow struck by Root and the clever dodging of both men is faithfully pictured by the famous fight pictures that are being exhibited all over the country. Wherever they are seen men declare them to be the best on record. More than once spectators have so far forgotten themselves as to rise in their seats and implore both Root and Gardner to put one another out. At The Kentucky next Monday night.

OUTING SPOTS IN THE NORTHWEST

There are many places in the country of the Northern Pacific, some inexpensive, others better and more expensive, where one can spend the summer days pleasantly and healthfully. Among these are Walker in the Leech lake country, and Detroit and Battle Lake in the Lake Park region in Minnesota; Eaton's ranch, near Medora, N. D.; Hunter's Hot Springs in the Yellowstone valley, and Missoula and the Bitter-root valley in Montana; Lakes Pend d'Oreille and Cour d'Alene, Idaho; North Yakima in Eastern Washington, and Green River Hot Springs in the Cascades; Tacoma, Seattle, Port Townsend, Port Angeles and Victoria on Puget Sound, and many places along the Columbia river and on the Pacific Ocean from Portland as a center.

Those east of the Mississippi who wish a decided change should go to the Rockies or the Puget Sound and Columbia river and sea coast country. We can only hint at these things here, but write us giving particulars as near as you can, and we will try to give you the needed information to enable you to find what you want. And don't forget that Yellowstone Park is the chief of all tourist shrines.

ALICE of OLD VINCENNES

By MAURICE THOMPSON

Copyright, 1900, by the BOWEN-MERRILL COMPANY

Alice was absolutely charmed. She sat on a low wooden stool and gazed into Gaspard Roussillon's face with dilating eyes in which burned that rich and radiant something we call a passionate soul. She drank in his flamboyant stream of words with a thirst which nothing but experience could ever quench. He felt her silent applause and the admiring involuntary absorption that possessed his wife. The consciousness of his elementary magnetism augmented the flow of his fine descriptions, and he went on and on until the arrival of Father Beret put an end to it all.

The priest, hearing of M. Roussillon's return, had come to inquire about some friends living at Detroit. He took luncheon with the family, enjoying the downright refreshing collation of broiled birds, onions, meat cakes and claret, ending with a dish of blackberries and cream.

M. Roussillon seized the first opportunity to resume his successful romancing and presently in the midst of the meal began to tell Father Beret about what he had seen in Quebec.

"By the way," he said, with expansive casualness in his voice, "I called upon your old time friend and coadjutor, Father Sebastian, while up there. A noble old man. He sent you a thousand good messages. Was mightily delighted when I told him how happy and hale you have always

Alice was absolutely charmed.

been here. Ah, you should have seen his dear old eyes full of loving tears. He would walk a hundred miles to see you, he said, but never expected to in this world. Blessings, blessings upon dear Father Beret, was what he murmured in my ear when we were parting. He says that he will never leave Quebec until he goes to his home above—ah!

The way in which M. Roussillon closed his little speech, his large eyes upturned, his huge hands clasped in front of him, was very effective.

"I am under many obligations, my son," said Father Beret, "for what you tell me. It was good of you to remember my dear old friend and go to him for his loving messages to me. I am very, very thankful. Help me to another drop of wine, please."

Now the extraordinary feature of the situation was that Father Beret had known positively for nearly five years that Father Sebastian was dead and buried.

"Ah, yes," M. Roussillon continued, pouring the claret with one hand and making a pious gesture with the other. "The dear old man loves you and prays for you. His voice quavers whenever he speaks of you."

"Doubtless he made his old joke to you about the birthmark on my shoulder," said Father Beret after a moment of apparently thoughtful silence. "He may have said something about it in a playful way, eh?"

"True, true; why, yes, he surely mentioned the same," assented M. Roussillon, his face assuming an expression of confused memory. "It was something sly and humorous, I mind, but it just escapes my recollection. A right jolly old boy is Father Sebastian. Indeed very amusing at times."

"At times, yes," said Father Beret, who had no birthmark on his shoulder and had never had one there or on any other part of his person.

"How strange!" Alice remarked. "I, too, have a mark on my shoulder—a pink spot, just like a small, five petaled flower. We must be of kin to each other, Father Beret."

The priest laughed.

"If our marks are alike, that would be some evidence of kinship," he said. "But what shape is yours, father?"

"I've never seen it," he responded.

"Never seen it! Why?"

"Well, it's absolutely invisible," and he chuckled heartily, meantime glancing shrewdly at M. Roussillon out of the tail of his eye.

"It's on the back of his shoulder," quickly spoke up M. Roussillon, "and you know priests never use looking glasses. The mark is quite invisible therefore so far as Father Beret is concerned!"

mark before, my daughter," said Father Beret, turning to Alice with sudden interest. "It may some day be good fortune to you."

"Why so, father?"

"If your family name is really Tarleton, as you suppose from the inscription on your locket, the birthmark, being of such singular shape, would probably identify you. It is said that these marks run regularly in families. With the miniature and the distinguishing birthmark you have enough to make a strong case should you once find the right Tarleton family."

"You talk as they write in novels," said Alice. "I've read about just such things in them. Wouldn't it be grand if I should turn out to be some great personage in disguise?"

The mention of novels reminded Father Beret of that terrible book which he last saw in Alice's possession, and he could not refrain from mentioning it in a voice that shuddered.

"Rest easy, Father Beret," said Alice. "That is one novel I have found wholly distasteful to me. I tried to read it, but could not do it. I flung it aside in utter disgust. You and Mother Roussillon are welcome to hide it deep as a well for all I care. I don't enjoy reading about low, vile people and hopeless misadventures. I like sweet and lovely heroines and strong, high souled, brave heroes."

"Read about the blessed saints, then, my daughter. You will find in them the true heroes and heroines of this world," said Father Beret.

M. Roussillon changed the subject, for he always somehow seemed to have the good priest fall into the strain of argument he was about to begin. A stray sheep, no matter how refractory, feels a touch of longing when it hears the shepherd's voice. M. Roussillon was a Catholic, but a straying one, and he had promised the dying woman who gave Alice to him that the child should be left as she was, a Protestant, without undue influence to change her from the faith of her parents. This promise he had kept with stubborn persistence, and he meant to keep it as long as he lived.

A few weeks had passed after M. Roussillon's return when that big hearted man took it into his head to celebrate his successful trading ventures with a moonlight dance given without reserve to all the inhabitants of Vincennes. It was certainly a democratic function that he contemplated, and motley to a most picturesque extent.

Rene de Ronville called upon Alice a day or two previous to the occasion and duly engaged her as his partner, but she insisted upon having the engagement guarded in her behalf by a condition so obviously fanciful that he accepted it without argument.

"If my wandering knight should arrive during the dance, you promise to stand aside and give place to him," she stipulated. "You promise that?"

"You see, I'm expecting him all the time. I dreamed last night that he came on a great bay horse and, stooping, whirled me up behind the saddle and away we went."

There was a childish, half bantering air in her look, but her voice sounded earnest and serious, notwithstanding its delicious tincture of suppressed playfulness.

"You promise me?" she insisted.

"Oh, I promise to slink away into a corner and chew my thumb the moment he comes!" Rene eagerly assented. "Of course I'm taking a great risk. I know, for lords and barons and knights are very apt to appear suddenly in a place like this."

"You may banter and make light if you want to," she said, pouting admiringly. "I don't care. All the same, the laugh will jump to the other corner of your mouth; see if it doesn't. They say that what a person dreams about and wishes for and waits for and believes in will come true sooner or later."

"If that's so," said Rene, "you and I will get married, for I've dreamed it every night of the year, wished for it, waited for it and believed in it, and—"

"A very pretty twist you give to my words, I must declare," she said, "but not new by any means. Little Adrienne Bourcier could tell you that. She says that you have vowed to her over and over that you dream about her and wish for her and wait for her, precisely as you have just said to me."

Rene's brown face flushed to the temples, partly with anger, partly with the shock of mingled surprise and fear. He was guilty, and the guilt showed in his eyes and paralyzed his tongue, so that he sat there before Alice with his under jaw sagging ludicrously.

"Don't you rather think, M. Rene de Ronville," she presently added in a calm, advisory tone, "that you had better quit trying to say such foolish things to me and just be my very good friend? If you don't I do, which comes to the same thing. What's more, I won't be your partner at the dance unless you promise me on your word of honor that you will dance two dances with Adrienne to every one that you have with me. Do you promise?"

French Lick and West Baden Springs

In the highlands of Indiana—a two hour ride from Louisville there flow wonderful healing waters, that you'd spend hundreds of dollars to enjoy if they were in Europe.

A recent visitor from Philadelphia, who formerly went to Carlsbad every year, said: "I do not see why anyone goes to Europe for medicinal waters. The water is as beneficial, and the scenery and surrounding country, the air and the opportunities for recreation are better; the hotels and all accommodations are much finer at French Lick-West Baden Springs"—and this gentleman is a native of Switzerland.

The splendidly wooded hills, with the cool, invigorating air of these highlands where one can enjoy rambles in the depths of the forest, or rides and drives among the numerous paths and roads, afford pleasure for those who desire rest and quiet; while at the splendid and casinos one can have all the entertainment and pleasures possible at the most fashionable resorts.

FOR ANOTHER TICKET

Law and Order People May Nominate Later on.

Yeiser Crowd Not Acceptable—Waiting on Republican Nominations.

TWO ACCEPTABLE CANDIDATES

The Good Government league is expected to be instrumental in the nomination of an independent ticket for city offices some time before the November election. Most of the members are Democrats, and they are not satisfied with the ticket put out yesterday by the Democratic party in Paducah. They will wait until the Republicans have nominated a ticket and if it does not suit them they will then put out their own ticket.

The members of the league, or some of them, are supposed to be back of the new afternoon paper, the Ledger, and most of them, if not all of them, are Democrats. They have been fighting the Yeiser crowd, and do not hesitate to say that the present ticket is a "whiskey ticket," and that they will fight it to a finish. If not by voting for the nominees of some other party, by putting a ticket out themselves.

No one is mentioned publicly by this element for the more important offices to be filled. It is understood that Mr. L. S. DuBois, if nominated by the Republicans, would receive the support of the league, but Mr. DuBois states that he would not accept the nomination for mayor. It is also said that Captain Ed Farley would also be acceptable to them. Possible candidates for other offices have not been mentioned.

The executive committee of the league meets tomorrow night.

ALL OVER NOW

Hopkinsville Gun Club Tournament is Over.

Good Score Made by Mr. Mose Starr, the Paducah Champion.

The second annual tournament of the Hopkinsville gun club was finished Wednesday afternoon and was a success in every particular, says the Hopkinsville New Era of yesterday. A large crowd, including many ladies, was in attendance yesterday, especially in the afternoon, and gave evidence of enthusiasm at times by applauding those who made good scores.

Both prizes, the handsome gold lined silver loving cup, offered for the high gun of the tournament, and the artistic gold and enamel medal in the shape of a watch charm, representing a Blue Rock clay pigeon, were both won by Mr. C. O. LeCompte, of Eminence, Ky., an amateur. His score for two days was 340 out of 350, and his nearest competitors were Chas. G. Spencer, the world's champion, and C. W. Phellis, both professionals, and Moses Starr, of Paducah, an amateur, who were tied for second honors with a score of 328. Charles O. Prowse, of Hopkinsville, and captain of the local club, was tied with Rolla Heikes, former world's champion for third place with a score of 324. Dr. R. L. Woodard was well up among the leaders with a score of 316.

PROWLER SHOT

POULTRY FARM RAIDERS HIT BY MR. JACK HART.

Mr. Jack Hart, who runs Mr. Rabb Noble's chicken farm on the Blandville road, shot a negro a night or two ago for attempted theft, but did not strike a vital part and the negro got away.

For some time prowlers had been sneaking about trying to raid the chicken farm and Mr. Hart was on the lookout for them. He heard a noise and on investigation saw a negro leaving the yard. He warned him to stop or take the consequences and the negro preferred the latter and ran. Several shots were fired, one taking effect, as a cry escaped the would-be thief as he cleared the fence and made his escape.

SENSATIONAL ARREST

Mayor and Prominent Doctor Warranted at Cairo.

Charged With Interfering With Houses of Questionable Resort at That Place.

Cairo, Ill., Sept. 11—Mayor Claude Winter and Dr. E. E. Gordon were arrested on the charge of interfering with the management of houses of ill fame and providing a medical examination of the inmates.

Judge Dewey set their hearing for Sept. 21.

This is the outcome of the trouble that has been brewing for some time and which broke out in the council meeting Tuesday night when the mayor refused to allow Alderman Meehan to bring up the matter which had been investigated by the board of health.

The charge which Mayor Winter and Dr. Gordon are facing is that of licensing houses of ill fame and providing a medical examination of the inmates.

When Mayor Winter first assumed the duties of Cairo's chief executive he kept Thirteenth street closed. In a few months however the women who had been driven out by Mayor M. C. Wright returned. Then came the report that the city was regulating the evil by a system of medical inspection, that Dr. E. E. Gordon examined the inmates of these houses each week and issued certificates of health to them for which they were required to pay Dr. Gordon \$1 upon each examination.

The matter created so much talk that it was brought to the attention of the board of health of the city council. That body appointed a special committee composed of Aldermen Egan, Wagner and Fuller to investigate the matter. They did investigate, first asking the mayor about it. He told them that he would take the responsibility for the whole thing. The committee then went no further as the blame was fixed by that utterance for the law's violation. It was this report of the board of health that Alderman Meehan asked for at last Tuesday's council meeting, when Mayor Winter declared him out of order and refused to entertain his appeal to the house.

Alderman Meehan and Alderman Fuller thereupon furnished State's Attorney Wilson with the information which led to the arrest of the mayor and Dr. Gordon.

She Will Be Brought Here at Once to Join the Fleet.

Captain H. Baker has gone to St. Louis with a crew of six men to bring the new boat the Castalia, recently purchased by the Ayer & Lord Tie company here. The boat was purchased Wednesday during the visit of Mr. J. B. Lord, president of the company, and is a model towboat. She is about the same size of the Duffey and other medium towboats of the company and is practically a new boat. This makes the Ayer & Lord fleet of boats the largest on the river. The boats running regularly in season for the company are the Duffey, Margaret, Inverness, Pavia, Russell Lord and the new boat.
